NEWS OF KENTUCKY

Tersley Told Information Concerning
Matters of Current Interest
to Kentuckians.

THE STATE NEWS IN A NUTSHELL

Here Are Found Accurately Detailed
the Happenings of the Largest Im-
port Which Are Attracting Atten-
tion Throughout Kentucky.

Lexington, Ky., June 10.—President William Coedell Frost, during commencement exercises at Berea college, announced that a contribution of \$50,000 had been made to the Berea college school fund by an unknown eastern giver. The money was donated on condition that one dollar for every dollar given by the eastern party must be duplicated by subscription secured in Kentucky until the amount reaches \$50,000. When this is done the \$400,000 necessary will have been raised and the matter of locating and building the school will be taken up. Two hundred and ninety thousand dollars have already been raised. The \$50,000 contribution was pledged through James H. Canfield, librarian of Columbia university, New York City.

THE CONRADS ABSOLVED

Not Indicted for Failure to Call Doctor
for Dying Children.

Danville, Ill., June 10.—The grand jury of Vermillion county has held that it is not incumbent on believers in mental healing, under the statutes of the state of Illinois, to call physicians in case of illness in their families, by refusing to indict John and Sophia Conrad for the death of their three children, two eight and one thirteen years old, several weeks ago. A strong effort was made to obtain an indictment holding the parents responsible, but the grand jury refused to take the action desired by the state.

The Conrads are members of the Church of God, according to their own statement, and do not believe in the administration of medical treatment for sickness of any nature whatever. When their children, five in number, fell ill with scarlet fever they nursed them personally and refused to call a physician. One of the children died and neighbors brought the matter to the attention of the health authorities. They refused to act. In the interim another child died and the matter was then taken before the state's attorney.

SITUATION SERIOUS

More Troops Have Been Asked in the
Tobacco District.

Ripley, O., June 10.—Major Charles Becht and Colonel Hake, of the first regiment, who are in charge of the troops in the tobacco district held a conference and decided to ask for more troops, the two officers agreeing that the situation is very serious. They declare that more soldiers are needed to control the night riders situation.

Major Becht will meet Sheriff Cahall and the two will make an effort to have the governor send more troops to Brown county.

The soldiers have been given orders to kill any person caught destroying tobacco beds if he refuses to surrender when ordered to do so.

NOTED TRAINER'S SUICIDE

James Duncan Hangs Himself in Sta-
ble at St. Paul.

St. Paul, Minn., June 10.—Jas. Duncan, fifty-two years old, at one time the owner of stables in Louisville, Ky., the trainer of some of the fastest horses on the southern turf, committed suicide here. His body was found hanging in the harness room of a livery stable in which was kept a string of horses he had been training. He lost his fortune several years ago and for the last five years had worked in the barns of Minneapolis and St. Paul.

Financial reverses and domestic troubles are believed to have preyed on his mind. His wife secured a divorce several years ago.

Arrested in Courtroom.

Hopkinsville, Ky., June 10.—George Barnes, precinct chairman of the Tobacco Planters Protective association, was arrested while listening to the prosecuting attorney's speech in the night riding case against George Powell. The warrant charges Barnes with night riding. The jury in the Powell case returned a verdict acquitting the defendant.

Kentucky Democrats Indorsed Bryan. Louisville, Ky., June 10.—William J. Bryan was unanimously indorsed by the conventions by legislative districts which were held throughout Kentucky for the purpose of naming delegates to the district and state conventions, which, in turn, will name district delegates and delegates at large to the national convention.

Laporte, Ind., June 10.—The auction sale of the personal property left by Mrs. Belle Guinness was attended by between 4,000 and 5,000 persons. Many of the articles brought five and ten times their first price. It is estimated that the total receipts were more than three times what they would have been at an ordinary sale.

DeWitt's Little Early Risers, the famous little liver pills are sold by Cas. C. Davis.

Paris Journal Lays Recent Murders at
Door of State.

Paris, June 10.—Henri Rochefort, the editor of the Patrie, whose bitter enmity to the Clemeuceau government is well known, insinuates in the Patrie that the police do not desire to solve the mystery of the murder of Adolphe Steinheil, the noted painter, which occurred more than a week ago. Yet, he says, he could solve the mystery in an hour if permitted to do so. He insists that the alleged robbery of the Steinheil house never occurred.

"The government deceives itself," he continues, "if it imagines that this affair will die out. It attracts more interest than many sensational crimes. After the mysterious death of M. Felix Faure, the president of the republic, on the day the decree for the revision of the Dreyfus case was to have been presented and he would have refused to sign; after the pretended suicide of M. Gabriel Syveton on the day before he would have been acquitted of assaulting War Minister Andre, and now after the strangulation of Steinheil by three men and a woman, who did not carry away even a spoon, Parisians are menaced by a sort of mania."

"Let an individual have in his possession documents embarrassing to those in power, and next morning he may be found with a bullet in his head, a knife in his breast or a cord around his neck."

MINERS RETURN TO WORK

Strike of Six Months' Duration Sud-
denly Called Off.

Madisonville, Ky., June 10.—Acting under orders from national headquarters, the strike of union miners, which has been on in Hopkins, Webster and Crittenden counties since January 1, has been called off by the national board members in this district. All the men who have been out on account of the strike are assured protection by the union officials and they will be assisted in securing situations. No reason is given for calling off the strike. Several hundred men were out.

WOMAN KILLS A WOMAN

Finds Rival for Husband's Affections
In His Company and Shoots Her.

Lexington, Ky., June 10.—Mrs. Thos. Murrill shot and killed Miss Mary Terry in Breathitt county. It is said Murrill had deserted his wife and gone to live with the Terry woman. Mrs. Murrill armed herself and searched for them. She found them together and shot Miss Terry three times, killing her instantly. Mrs. Murrill then went to the home of Magistrate I. C. Terry, a relative of the woman she killed, and surrendered. She is now in jail at Jackson.

Emperor's Bell Lost Clapper.

Cologne, June 10.—The clapper of the famous emperor's bell in the Cologne cathedral, weighing several hundred pounds, crashed down on the floor of the edifice, doing considerable damage. The accident occurred while the bell was tolling an announcement of the Whitsun festivities. Services in the church had not begun and only officials were present. No one was injured. The bell recently had undergone repairs and the clapper had been rewelded.

Pawnee Chief to Marry.

Guthrie, Okla., June 10.—Stacy Matlock, chief of the Pawnee tribe of Indians, and Miss Blanche Bill, a Pawnee girl, will be married at Carlisle, Pa., where the young woman is attending the government school. Miss Bill had not finished the three years' course required by the federal government, but at the request of Representative McGuire, the commissioner of Indian affairs removed the restrictions upon the young woman.

Boston Meat Famine.

Boston, June 10.—A scarcity of beef in the local market has sent wholesale prices to a figure higher than has been reached since the beef strike several years ago. Whole cattle were selling at 12½ cents per pound. Dealers said that the cause of the rise was due solely to the law of supply and demand and that they did not anticipate lower prices until late in the summer.

Persia Pays Indemnity.

Tabriz, June 10.—In view of the expiration today of the ultimatum issued by General Snarski, commander of the Russian punitive expedition in Persia, the shah's government has sent to the viceroy of the Caucasus at Tiflis a remittance of \$100,000 as an indemnity for damages suffered by Russian subjects at the hands of the Persian tribesmen.

New York Physician Slain.

New York, June 10.—After lying in wait for nearly nine hours, Sarah Komet, a young Russian nurse, shot and killed Dr. William Auspitz, a physician, in the vestibule of an apartment house last night. The woman surrendered herself to the police, declaring that she had shot him because he had wronged her.

College Town Goes Dry.

Cameron, Mo., June 10.—After the most exciting election ever held here, this college town of 4,000 voted "dry" by a majority of 56 out of a total of 740 votes. Prominent women stood guard all day to prevent the removal of liquor which had been stored by the "wets" and searched a number of joints.

The Kind You Have Always Bought

The result of the mass conven-
tions held in the 119 counties of the
commonwealth Saturday dispelled
any doubt that anyone might have
had relative to Bryan's strength in
Kentucky. Every county that in-
structed its delegates at all instructed
them to vote Democrats to rep-
resent the State-at-large who would
cast their votes in the National
convention for the Nebrakan.
County after county that did not
instruct its delegates for Beckham,
McCreary, Paynter, James or any
of the other candidates for dele-
gate at large, instructed them to
vote for Bryan delegates. In no
instance was there an exception to
this rule, or a voice against Bryan's
nomination. It is also a cer-
tain prediction, according to the
instructions of the counties, that
ex Gov. Beckham and Senator J.
B. McCreary will be two of Ken-
tucky's Big Four. Congressman
Ollie M. James of the First Con-
gressional district, was named by
many of the counties, and it is prac-
tically sure that he will have the
third place on the delegation.

ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

We are authorized to announce FELIX BOWMAN as a candidate for County Court Clerk, subject to the action of the Republican party.

It is a very narrow minded individual, who is not willing to concede to others the same rights and privileges he claims for himself.

Peace and harmony which prevailed last Saturday in the Democratic Conventions held in the various counties of the state, continued in the State Convention held at Lexington yesterday. With united efforts on the part of Democrats, old Kentucky can always be counted upon to roll Democratic majorities ranging from 25,000 to 40,000, and with "the peace and good will to all, and malice toward none," which seems to prevail in every section, we can safely look forward for one of those old-majorities for William Jennings Bryan next November.

Proceedings of the Rockcastle County Democratic County Convention:

The Democrats of Rockcastle county met pursuant to call, in the Court-house in Mt. Vernon, on Saturday June 6th 1908, at two o'clock p. m., and were called to order by Jonas McKenzie, Chairman of the County Committee, and after explaining the object of the meeting, announced that nominations were in order, and C. C. Williams was duly nominated for chairman and unanimously elected; after taking the chair he announced that nominations for Secretary were in order when E. S. Albright was duly nominated and elected Secretary of the meeting.

Then upon motion duly seconded and carried the Chair appointed J. W. Brown, James Maret, Granville Owens, F. L. Thompson and S. H. Martin a committee on resolutions, which committee after retiring returned and reported the following:

Resolved, That we, the Democrats of Rockcastle county in mass convention assembled reaffirm our faith and fidelity in and to the principles and policies of the Democratic party and enunciate in its National platform and as exemplified and proclaimed by our great leader, William Jennings Bryan.

That, we deplore the conditions in our great party, in this State, which led to its loss to us in the last State election.

That, all personal and factional differences and feeling in the party must be cast aside so that all Democrats can and will get together and redeem our State and place it back where it rightly belongs, in the Democratic column this fall by one of the old-time majorities.

That, we recognize as suitable for delegates from the State-at-large to the Denver Convention any of the following gentlemen: Senator James B. McCreary, Hon. Ollie M. James, Hon. J. C. W. Beckham, Col. W. B. Haldeman, Hon. James D. Black and Senator Paynter.

That, we appoint J. W. Brown, C. C. Williams, J. M. Craig, F. L. Thompson, Dr. R. H. Lewis, W. H. Owens and J. H. Barnett as delegates and alternates from this county to the Lexington Convention which meets on the 11th instant, in that city and instruct them to cast the vote of this county in all matters coming before that convention as a unit; that they use their best endeavors to have the delegates from this State to the Denver Convention, to cast the vote of this State for W. J. Bryan

as the Democratic nominee for President.

The delegates from this county are instructed to cast the vote of this county for Hon. Jerry A. Sullivan for member of the State Central Committee from the Eighth Congressional district.

That, they are instructed to cast the vote of this county for Hon. W. H. Shanks for member of the State Executive Committee from the Eighth Congressional district.

Which resolutions were duly adopted by the Convention.

Under these circumstances if you don't have a good time you are sick and bad sick too.

A. V. Smith and W. A. Tyree have each just opened up one.—Urban Cass was in Stanford and Hustonville last Tuesday.

Miss Willie Benton has as her guests Miss Peak of Mississippi, Miss Elizabeth Adams of Mt. Vernon and Miss Cora Wright of Livingston.—Miss Clyde Watson has returned home from Mt. Vernon where she attended Brown Memorial school.—George M. Frith has returned home from Berea college.

Miss Belle Sigmon, of Corbin, is spending several days here the guest of her grand-father, Uncle John Sigmon.—W. H. Anderson, of Livingston, is at home for a few days.—The following crowd left Brodhead on a hay ride last Monday night at 7:30 p. m: Misses Martin, Watson, Sharp, Cass, Sigmon, Rosa and Eliza Pike, Burdett and Mattie Owens, Roberta Frith and Jewel Francisco; and Messrs Smith, O. A. and G. M. Frith, Brack and F. L. Durham, T. W. and Conn Evans, Carter, Stone, Bowling, Cass, Hughes, Martin, Perkins, E. B. Albright, C. R.

and Roscoe Pike. We wended our way to the country home of Mr. and Mrs. B. C. Anderson, where the doors were thrown open and a crowd of young folks never had a better time. Mr. Anderson's sons, W. H. and Ker, are certainly good entertainers. Games, etc., were indulged in until 10:30 p. m. when eating time arrived. Then came the feast. A table loaded with all the good things imaginable was awaiting for us and for which the crowd did justice. Mrs. Mary Albright, our chaperone started us for home at 11 o'clock, and we got here by 12. A great time was had by all going. We extend our sympathy to those who didn't attend for I am sure had they known what they missed they would forever regret not going.

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It certainly checks falling hair; no mistake about this. By instructing for McCreary and Beckham the Democrats of many of the counties of Kentucky emphasized their desire for harmony in the party at Saturday's mass conventions to elect candidates to the State Convention. Ollie M. James, Col. W. B. Haldeman and Senator Paynter also received a large number of instructed votes for delegates at large. Bryan was universally endorsed for President and everywhere the resolutions demanded harmony. The conventions were largely attended in nearly every county and great enthusiasms was manifested. Several counties instructed for Congressman Stanley for temporary chairman of the State convention.

Let us have street lights.

Mr. S. F. Bowman and Miss Maggie Hansel will teach the public school at this place this year.

The Brown Memorial School closed last Thursday night with a splendid musical program.

"The Merry Widow" play will be given at Brodhead next Wednesday evening.

The Rockcastle County Teachers' Institute will convene at Brodhead on July 6th 1908. All teachers of the county and those holding certificates are requested to be in attendance the full session. Let us have few excuses and come with renewed energy.

Respectfully yours,
G. M. BELARD,
County Superintendent.

We want to suggest that our town board of trustees follow the example of our neighboring town, Brodhead, and put in some street lights, which can be done at a nominal cost. The lights referred to, are made by the Incandescent Light & Stove Co., of Cincinnati; each light is 1500 candle power and the cost of installing is about \$50 for each light. We certainly need them, and we hope that our board of trustees, who have thus far proven themselves equal to every emergency will take the matter up at once and if consistent take favorable action.

SAD AFFAIR:—On last Tuesday John Croucher, a well-to-do and highly respected citizen of the Scaffold Cane section, cut a gash in his throat from the effects of which he can not recover. At the time he committed the act, he was preparing to go for a doctor to see his sick child and seemed to be perfectly alright. Soon after doing the deed he regained consciousness and talked freely of what he had done. He said it was not premeditated and that the only recollections he had about it, was that while getting ready to go for the physician, he turned blind. His wife died about a month ago and by many, it is believed that the death of his wife was cause for the deed. For more than a week he has been breathing through the opening made by the gash.

The hop at the Miller Hotel last Friday night was largely attended and thoroughly enjoyed by those present.

Marriage license was issued this week to Mr. William Helton and Miss Rethia Helton, both of the Copper creek section.

NOTICE:—The tax payers are hereby notified that the Sheriff's tax books for 1908 are now ready and I, or either my deputies, are ready to receive your taxes.

A rather small crowd was in town yesterday to witness the performance of the M. L. Clark Shows. Time is worth too much to the farmers to lose a moment which is not necessary. The exhibition was a very considerable one and those who attended felt that they got value received.

SIDI 42336.

This Percheron Stallion will make the season of 1908 at the Adams livery stable. He was imported from France in September 1907 and has as fine blood as can be bred into a horse by the French Government, as will be shown by his pedigree. Aside from his pedigree he is as good an individual as there is in the State. He is coal black, fine style and action and weighs twenty-three hundred pounds.

PEDIGREE:—Folded April 15th 1904. Bred by M. Brounard, commune of Berd'huis, Canton of Noce, Department of Orne. I invite the people to come and see this horse before breeding elsewhere. If you like the horse I shall appreciate any mares sent to him, and am sure none will regret sending after the colt is foaled.

SIDI will make the present season at the above named stable at \$20 to insure a living colt. Money due if mare is traded after being bred. All care will be taken to prevent accidents, but not responsible should any occur.

Nature has provided the stomach with certain natural fluids known as the digestive juices, and it is through these juices that the food we eat is acted upon in such a way as to produce the rich, red blood that flows through the veins of our body and thereby makes us strong, healthy and robust, and it is the weakening of these digestive juices that destroys health. It is our own fault if we destroy our own health, and yet it is so easy for any one to put the stomach out of order. When you need to take something take it promptly, but take something you know is reliable—something like Kodol for dyspepsia and indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Chas. C. Davis.

NO HUMBUG.

No humbug claims have to be made for Foley's Honey and Tar, the well known remedy for coughs, colds and lung troubles. The fact that more bottles of Foley's Honey and Tar are used than any other cough remedy is the best testimonial of its great merit. Why then risk taking some unknown preparation when Foley's Honey and Tar costs you no more and is safe and sure. Sold by Chas. C. Davis.

SLANDER.

These is nothing that wings its flight so swiftly as calumny, nothing which is uttered with more ease; no thing listened to with more readiness, or dispersed more widely. Slander soaks into the mind as water soaks into low and marshy places, where it becomes stagnant and offensive. Slander is like the Greek fire which burned unquenched beneath the water; or like the weeds which when you have extirpated them in one place, are sprouting vigorously another.

The tongue of slander is never tired; in one form or another it manages to keep itself in constant employment. Some times it drips honey and then gall. It is bitter now, and then sweet. It will hide a curse under a smooth word and administer poison in the praises of love. Like death, it "loves a shining mark," and is never so available and eloquent as when it can blight the hopes of the noble-minded, soil the reputation of the pure, and break down or destroy the character of the brave and strong.

That man or woman who attempts to bring down and depreciate those who are above him or her does not thereby elevate himself.

He who indulges in slander is like one who throws ashes to the wind, which comes back to the same place and covers him all over. Never speak evil of another, even with a cause.

Remember we all have our faults and if we expect charity from the world we must be charitable our selves.

Remember a word once spoken can never be recalled. Hear no ill of a friend, or speak of an enemy.

Believe not all you hear, nor report all you believe.

Be cautious in believing ill of another, and more cautious in reporting it.

Deal tenderly with the absent. Say nothing that will inflict a wound on their reputation.

On many a mind and many a heart there are sad inscriptions deeply engraved by the tongue of a tattler, which no effort can erase.

They are more durable than the impression of the diamond on the glass, for the inscription on the glass may be destroyed by a blow but the impression on the heart will last forever.

The less some have to do for themselves the more they lend to the affairs of their neighbors.

Of all things on earth the most miserable is the slick-tongued tattler.

Study to shun the company and influence of all characters that will debase you, by so doing you will be a man or a woman (whichever you are) that will shun the gates of a deceivers hell.

Yours truly,
B.

THEY ARE COMING.

Everything under the sun is an encompassing statement, but very appropriate and fitting in making a trite assertion relative to the manifold attractions and diversified features of the J. AUGUSTUS JONES SHOWS. Construe the statement literally and add a little of imagination, and even then, after seeing these Greater Shows there will be no subsequent indictment for exaggeration or perversion of the truth. Figuratively speaking the J. AUGUSTUS JONES SHOWS have spread a dragnet over the amusement and zoological universe and hauled in the ropes; have made a scientific assortment of the great catch, retaining all that was wonderful, striking or sensational, and cast away the refuse. If there is aught that has been overlooked, it must be ethereal, elusive or imaginary. Every avenue of possible innovation has been traversed. Every field of possible feature has been ravaged.

Aggrandisement and progression were the watch word; originality the slogan, and the date at Livingston is Monday, June 15 for the Jones Enormous Shows.

Special forecast: The Missouri river flood at Kansas City will crest during Wednesday at a stage of 26 feet or possibly a few tenths of a foot higher. The Mississippi at St. Louis will continue to rise, and from present indications a stage of between 32 and 33 feet is indicated by about Monday next. The lower Red River will also continue to rise and if the levees hold a stage of between 38.5 and 39 feet is indicated at Alexandria, La., by June 19. There are no present indications of unseasonable high temperature in any part of the United States. In the Middle Eastern and Northwestern States the weather of the last three days will be generally fair, with moderate temperature. A barometric depression that will appear over the Rocky mountain districts on Wednesday will move slowly eastward over the plains States Thursday, crossing the central valleys Friday and Saturday and reach the Atlantic coast Saturday or Sunday. Local rains and a slight rise in temperature will attend the advance of the rain area and following its passage there will be a day or two the beginning of next week, of somewhat lower temperature from the north central valleys to the Middle and North Atlantic coasts.
